Summary

Skilled in HTML, CSS, JavaScript, PHP, Firebase, and Adobe tools. Built and deployed live website platforms such as Better Schools, Just3Click, and Dorm Deals. Worked as a peer tutor at Frederick University and contributed to robotics research and social media management at RAS Lab.

Experience

FULL STACK WEB DEVELOPER

Oct 2024 – Jun 2026

- Worked at **INOTECHMENT LTD** on real world web projects such as "Better Schools" (betterschools.eu), Just3Click (just3click.gr) and Dorm Deals (dormdeals.com).
- Improved my skills in PHP, Firebase, and UI/UX while collaborating remotely with the team.

IT SUPPORT INTERN

Jun 2023 – Jul 2023

- Worked at **Intelligence Business Solutions LTD**. Assisting with cloud based solutions using Azure from Microsoft and setting up laptops for customers

PEER TUTOR

Mar 2023 – Jun 2026

- Provided academic support at **Frederick University** with programming languages and computers science courses.
- Helped students understand difficult topics and enhance their performance.

ROBOTICS LABORATORY ASSISTANT

Jun 2024 – Jun 2025

- Worked at RAS Lab for a year, assisted with the IRSAl project, and did research for robotics prototyping and managing the lab's social media.
- Gained hands-on experience in research and tech communication.

Education

Frederick University, **BACHELOR OF SCIENCE IN COMPUTER SCIENCE**

Oct 2022 – Jun 2026

- Pursuing a BSc in Computer Science with a cumulative GPA of 8.64/10.
- Awarded scholarships based on academic excellence (top 10%).
- Served as New Year Student Ambassador in 2024 and 2025.
- Participated in school events and activities, offering support and volunteering.

Projects

Better Schools

Developed a full-stack educational platform using PHP, MySQL, JavaScript, and Firebase featuring authentication, assignments, attendance, real-time chat, and role-based access control.

V2G Mobile Application (V2Go)

Developed a React Native application that calculates electric vehicle energy requirements using route planning, battery consumption analysis, and Vehicle-to-Grid concepts. Developed as my final year university project.

Certificates

AWS Academy Graduate – Cloud Developing – Training Badge

Issued Jan 2026

Issued by Amazon Web Services Training and Certification
